TROUBLE IN THE LEAGUE

BABY ACT.

Withdraws From the League Bec Its Protect on Saturday's Game in Not Allowed.

There was a meeting of the Baseball League this afternoon to consider the protest of Captain Thompson of the St. Louis team on last Saturday's game. In the protest it was claimed that the umpire erred in giving a batsman a base on a balk by the pitcher and therefore the game should be declared a draw. It was admitted that no runs were made or lost by the decision nor were any made during that innings.

Captain Thompson moved that the protest be allowed and the game declared a draw.

After nearly an hour's desultory argument on the motion it was voted down, by 4 to 2.

While there was no doubt in the minds of any of those present that the umpire's decision was wrong, Thompson's motion was voted down because the decision in no way affected the score.

In the case decided last week two runs were awarded to the Stars by the decision of the League which made the score a tie; hence the game was declared a draw.

When Chairman Whitney had announced the vote, Captain Thompson said that at the request of the members of the St. Louis Baseball club he presented their resignation from this season's League and would move that it he accepted.

Captain Wilder of the Stars and Mr. Gorman of the Regiments moved and seconded that it be laid on the table. Carried.

The meeting then adjourned. It is understood that one of the alleged grievances of the St. Louis club is that they were not allowed to play out the ninth innings of the game played on the 5th of July, in which a protest was filed, two runs allowed and the game declared a draw. Since the League has had time to consider the matter some of its members have undoubtedly come to the conclusion that it acted hastily in declaring the game a draw and that the correct decision would have been to give the Stars the two runs asked for, making and the score 7 to 7, and ordering the last half of the ninth innings to be finished, or if necessary more innings to be played. This may yet be done, in justice to the St. Louis team, but so far Captain Thompson has not asked it of the League.

EDITOR EVENING BULLETIN:-At a meeting of the League held today the protest entered by the St. Louis team was voted down, and Mr. Thompson immediately withdrew his club from the League for the balance of the season. There is no doubt in the minds of men conversant with the game that the decision was just, but the feeling is general that the St. Louis Club got much the worst of it in the League's decision on the game of July 5, and if Mr. Thompson had got the proper decision on that game, he never would have entered a protest on Saturday's game.

It has been ascertained that the correct name of Policeman 35, implicated in the robbery of the Japanese employed at the Criterion, is Thomas Warren, now living in Kohala. Kaaikaula left sider their sction on the first protested game, and allow the score to be 7-7 and permit the St. Louis club to finish their half of the ninth innings. If the Star club in the interest of square sport had made a proposition of this kind, there is no doubt that Captain Thompson would have agreed. It is not too late now for such action, and living in Kohala. Kaaikaula left the force before the time mentioned.

have agreed. It is not too late now for such action, and Capt. Thompson would then probably reconsider his resignation.

The newspapers and all lovers of baseball have given their space and time for the revival of interest in this intensely exciting game. Both the Stars and Regiments should unite in having the decision on the first protested game altered, and allow the St.
